Color	Name	RAL	FS	Valleyo	Color
A	Fir Green	6000	34092	71.007	C
B	Leaf Green	6002	34079	70.968	D

**Application instructions mas**

1. Clean the surface of the model.
2. Apply the mask with a brush or the tool for masking tape. Remove the protective layer. Apply a protective top if needed, leaving the film. The gaps between the individual spots disappear in any way possible.
3. At the edge of the mask's curved surface of the mask slightly warmed for a better fit.
4. Allow the model with the mask.
5. After drying immediately remove the mask. Do not leave them on the surface of a model for a long time.
6. To spray or hand-painted (with acrylic) colors with acrylic paints (which should be used with caution) of the mask can be somewhat weakened, by "absorbing" several times a film on palm.

**Инструкция по использованию**

1. Снять защитный слой с поверхности маски.
2. Нанести маску кисточкой или инструментом для нанесения клея (или малярного скотча, если используется). Если необходимо, нанести защитный слой, оставив пленку. Зазоры между отдельными пятнами маски исчезают любым способом.
3. По краям маски на изгибах поверхности маски слегка подогреть для лучшего прилегания.
4. Дать маске высохнуть.
5. После высыхания немедленно снять маску. Не оставлять ее на поверхности модели длительное время.
6. Для распыления или ручной окраски (акриловыми красками) с маской следует быть осторожным, так как она может частично ослабнуть, "впитав" несколько раз краску на ладони.
